Delusion

Bionic Ghost Kids

I saw you crying, will you were dying
On a lonely summer night
The moon is rising, were see the shining
Cover you in a bloody night
We're locking you're eyes just like we dispase
And I feel sorry now,I see what I've done
What if I become
Now please just... don't lie to me
I never meant to hurt youDon't leave me nowAnd I will allways love youHe's just not breathing, I'm still believing
If it too soon for you too die?Your chest is drying after the fighting,
Now just please come back to life
I wanna show you what my world is like,
what is like to be the beast, I wanna take you to
my world that's why I kill youCome back to meI never meant to hurt youDon't leave me nowAnd i will allways love youCome back to meI never meant to hurt youDon't leave me nowAnd I will allways love you[Come back to me, don't leave now]Come back to meI never meant to hurt youDon't leave me nowAnd I will allways love youCome back to meI never meant to hurt youDon't leave me nowAnd i will allways love you
