

Like Chocolate

Emilia

Like chocolate on your mind, oh baby
Like chocolate on your mind, oh yes
Like chocolate on your mind, oh baby
Like chocolate on your mind
Feel me, taste me, see me
You know I'm sweet like candy
And you can't eat me
I'm into you the way you're into me
But baby don't rush, take it slow
And just imagine me
Like chocolate on your mind, oh baby
Like chocolate on your mind, oh yes
Like chocolate on your mind, oh baby
Like chocolate on your mind
I'm special woman and you can't afford to miss
'Cos that isn't right, no
I'm sweet you're sour, and that's a nice mix
All other girls are spicy
So just imagine me
Oh, yeah
Like chocolate on your mind, oh baby
Like chocolate on your mind, oh yes
Like chocolate on your mind, oh baby
Like chocolate on your mind
Like chocolate
Like chocolate
Like chocolate on your mind, oh baby
Like chocolate on your mind, oh yes
Like chocolate on your mind, oh baby
Like chocolate on your mind
Like chocolate
Is this like chocolate
Like chocolate
'Cos I'm chocolate on your mind
That is what I'm
Like chocolate
Like chocolate on your mind
