

Ooh Love

Charlotte Sometimes

Hello, are you thinking about me?
Thinking about you
How long do you dream about me?
Dreaming about you when you sleep
If all you see is a lost inside of me When my hair brushes my shoulders
When I cry, be that tissue Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love, love No stay, seeing it all through
Needed to be you
Stay here, being so lonely
Falling if only When my hair brushed my shoulder
When I cry, be that tissue Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love, love Ooh, my weight keeps lifting
The ground beneath me shook
And I am wishing you to me
Come on baby, let me see you When my hair brushed my shoulder
When I cry be that tissue Ooh love
I feel it now more than ever
I feel so good underneath
Ooh love, love, love, love, love
