

# Suspect Hostile

## Bolt Thrower

Through the ages  
As tensions rise  
All hostile and unknown  
Witnessing demise When lives are worthless  
Under friendly fire  
Suspected hostile  
Target acquired Attained tac - recon - regain misuse  
Spying eyes - reap the truth  
Evolution proficiency  
Air track engagement futility  
Visual angle - 12 rad of ark  
Filling scores - symbols coming dark No defiance - gather in all prey  
Track rapid fire - impact point displayed  
Hostile target verified  
Position traced - you cannot hide  
Mass destruct - initiate the cause  
Range within low flight - acquisition within war All tributaries - ballistics in disruption  
Confirmed kills integrity - N.C.T.R. corruption  
Escape is to evade Rancor empowers  
Its creation sets the trap  
In vertical dimensions  
New lightning wars to which man will  
Bridge the gap
