Clean my room

Cosmo Jarvis

Good evening Ladies and Gentlemen
and welcome to the greatest show on earth!this is a song about leaving home
well I'm nineteen and I don't know much about anything
but I ain't dumb and I'm looking out for those better things
notice that good things hold me back
like loving something 'till you cracksome dreams are meant for chasing
some dreams are meant for living
and I clean my room and dump my girlfriend
gonna clean my room and dump my girlfriendI'm so sick, worrying about my age
I might die young but i still got this lovely day
might do something to help someone
my time on earth has just begunchorusI'm so scared of getting old and missing this
avoid attachment like a loving kiss
cause i dont want to settle down
yeah i would rather move aroundchoruseach day is burning me alive again
sometimes i'm grateful when I lose a friend
she will hate me untill i die
but tragic memories are minechorusI think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you
I think that i will miss you nowsome dreams are meant for chasing
some dreams are meant for living
gotta burn my room and kill my girlfriend
gotta burn my room and kill my girlfriend
gotta burn my room and kill my girlfriend
gotta burn my room and kill my girlfriend
