

# The Feel Good Sublet

## They Might Be Giants

It's the feel-good sublet of the summer  
The leaseholder left their cigars in the drawer  
This place will hold us for one whole summer  
Don't use the stove, refrigerator, or door  
Feel-good sublet of the summer  
The leaseholder left their cigars in the drawer  
Feel-good sublet of the summer  
Don't use the stove, refrigerator, or door  
Killer sublet  
For the summer  
Chessboard missing all of the pawns  
Four flight up and  
Find yourself knowing  
Feel-good sublet forevermore  
If you only sublet one apartment  
Let it be this one
