

New Bohemia

Transviolet

Girls in their high tops dancing for days
Guys in the gold pants talking new slang
Rollin' through cities like a storm
Kids on the corner shakin' spray paint
Makin' their mark on the interstate
Drawing peace signs cause life is beautiful

No ties, no fear
We're livin' in the minute
We came, we saw
Not stoppin' till' we get it
Just love, just light, we'll start a revolution
In waves, we crash, one voice

Makin' headlines just for kicks
Tryna get love, not tryna get rich
Weâ€™re the new Bohemia
Weâ€™re the new Bohemia
Not in it for the fame, we do it for the thrill
Gonna light it up, wanna change the world
Weâ€™re the new Bohemia
Weâ€™re the new Bohemia
(Oooh, oh, oh oooh)
We're the new Bohemia

Kings of the sidewalk, John Wayne smooth
With curbside dreams, shootin' for the moon
Concrete hearts beat loud with burning truth

No ties, no fear
We're livin' in the minute
We came, we saw
Not stoppin' till' we get it
Just love, just light, we'll start a revolution
In waves, we crash, one voice

Makin' headlines just for kicks
Tryna get love, not tryna get rich
Weâ€™re the new Bohemia
Weâ€™re the new Bohemia

Not in it for the fame, we do it for the thrill
Gonna light it up, wanna change the world
Weâ€™re the new Bohemia
Weâ€™re the new Bohemia
(Oooh, oh, oh oooh)
We're the new Bohemia
(Oooh, oh, oh oooh)
We're the new Bohemia

No ties, no fear
We're livin' in the minute
We're comin' up, not stoppin' cause we got
This love, this light, come join the revolution
This wave will crash

Makin' headlines just for kicks
Tryna get love, not tryna get rich
Weâ€™re the new Bohemia
Weâ€™re the new Bohemia
Not in it for the fame, we do it for the thrill
Gonna light it up, wanna change the world
Weâ€™re the new Bohemia
Weâ€™re the new Bohemia
(Oooh, oh, oh oooh)
We're the new Bohemia
(Oooh, oh, oh oooh)
We're the new Bohemia
