

Plastic Surgery Slumber Party

Jeffree Star

Vinyl black stilettos
and fake eyelashes
Blue eye shadow
everything perfectly matches
Touch my plastic face
and see what happens
I'm hiding from the world
behind Chanel sunglasses
"Do I look fat?"
Limo tinted lipstick secrets
Knife thin can you see us?
Crushed diamonds dollar bills
In my purse is every pill
Fake smiles, tabloid tasteless
Pretty Porsche and Fendi facelifts
Plastic noses, mannequin poses
Expensive clothes, my face is frozen
plastic parts
broken hearts
masterpiece
scalpel please
Pink razors, so vain
Let's have a sexy party
Nose jobs and champagne
Sounds like a fuckin' party
Pink razors, so vain
Let's have a sexy party
Nose jobs and champagne
Sounds like a fuckin' party
Pink sherbet, popsicle lips
Perfection is - tucks and nips
Collagen pumps and lipo-ed hips
Hollywood glamour lipgloss tricks
Surgery scars and beauty marks
Botox amusement parks
Pagant parade suicide past
Beauty will never last
Pink razors, so vain
Let's have a sexy party
Nose jobs and champagne
Sounds like a fuckin' party
Pink razors, so vain
Let's have a sexy party
Nose jobs and champagne
Sounds like a fuckin' party
Don't touch me...
Just fix me...
Don't touch me...
Just fix me...
Don't touch me...
Just fix me...

Don't touch me...
Just fix me...Pink razors, so vain
Let's have a sexy party
Nose jobs and champagne
Sounds like a fuckin' partyPink razors, so vain
Let's have a sexy party
Nose jobs and champagne
Sounds like a fuckin' partyPink razors, cocaine
Sounds like a LA party
Rockstars are so lame
Sounds like I'll hate that partyPink razors, cocaine
Sounds like a LA party
Rockstars are so lame
Sounds like I'll hate that partyLet's have a fuckin' party...
