

Roses

Dawn Richard

On a dark coast day
All I really feeling was space
Everywhere I look a nigga hate
Every look of pain change in vain
So I told him to come back
Eulogy be always drives
Are we gonna be alright? Love fell like rose petals on an autumn day
Love fell like rose petals on an autumn day
On an autumn day
Day...All that I want from you
Is to get rid of the blues
Even if it's one night with you
It'd be cool if it's only one night with you Love... Love fell like
Love fell like rose petals on an autumn day
It'd be cool if it's only one night with you
It would be cool
It'd be cool if it's only one night with you
It would be
It'd be cool if it's only one night with you
