

Big Bro vs. Johnny Sako

The Vandals

Big brother, he is a watching
Watching me and you
Big brother, is a watching

And he'll know your every move
They're really, really gonna do it to you
Just wait and see

They'll be telling us what to do
And they'll want us to die laughing

And they'll want us to die laughing
Giant robot, he can save us
'Cause he knows just what to do

Giant robot, listen up

Johnny Sako's coming for you
Johnny Sako's on his wrist radio
To the mountain hideaway
Giant robot, please wake up
We need you right away
We need you right away
