

# The Post

## Dinosaur Jr.

Eyed it, dried it, untied it  
Chilled it, spilled it, refilled it  
Paste it, traced it, erased it  
She's my post to lean on  
And I just cut her down So I'm out to land on somethin'  
Hopefully a girl will come  
To me at the ground Eyed it, dried it, untied it  
Chilled it, spilled it, refilled it  
Paste it, traced it, erased it  
She's my post to lean on  
And I just cut her down So I'm out to land on somethin'  
Hopefully a girl will come  
To me at the ground She's my post to lean on  
And I just cut her down So I'm out to land on somethin'  
Hopefully a girl will come  
To me at the ground
