

Another Day (Fresh Pop Radio Edit)

Whigfield

Well you got me boy
Feeling just like a fool
Hey, I'm not your toy
Don't treat me cruel
Don't you stop me now
Doing what I want to do
Boy you're outta line Now this life is mine
I can do it alone
And I'm feeling fine
Now I'm here
On my own
Don't you see my eyes
Are looking 'round for something new
Boy you're outta line I can't live another day with you
Another day with you Well I've seen the light
And I'm getting out soon
Cause you've tired me
And my loving is through
I can't tell no lies
There is nothing left for you
Boy you're outta line Now this life is mine
I can do it alone
And I'm feeling fine
Now I'm here
On my own
Don't you see my eyes
Are looking around for something new
Boy you're outta line I can't live another day with you
Another day with you
with you
Another day with you
