I Know (Can't Get Back)

[Trey Songz](#)

I never had time for you
Spending my nights, caught in that life
The hell am I supposed to do
When everything wrong, feels so right
I, been losing the fight with my ego
Girl to the right won't let me go
Making it hard on a nigga
To look away and turn it downAnd I've been drinking way too much (Way too much)
To be thinking about love (To be thinking about love)
To be thinking about us (To be thinking about us)
So I'ma pour another cup
And I can't leave this club alone (Leave tha club alone)
So it ain't about trust
I got a reputation
Good or bad, so what, I gotta keep it upI've been living my life in these clubs
I've been giving my life to these girls
The bright lights like drugs
The fast life don't slow up
Yeah I know I know I know I know
I know, I know (I get it)
I know, I know, I know I know
I know, yeah, I know, yeahI've been living my life in these clubs
I've been giving my life to these girls
The bright lights like drugs
The fast life don't slow up
I know I know I know I know
I know, I know (I get it)
I know, I know, I know I know
I know, yeah, I know, yeahThere's some things I can't get back
It's some things I can't get back
I know, I know, I know, I know
There's some things I can't get back
I know, I know, I know, I know
There's some things I can't get backIf you're looking for love, you won't find it here
I've had my share of that life
But I never have time to give
'Cause I always spread myself thin
I'm losing the fight with my ego
It's like you won't let me go

And you're making it hard on a nigga
To look away and turn it downAnd I've been drinking way too much (Way too much)
To be thinking about love (To be thinking about love)
To be thinking about us (To be thinking about us)
So I'ma pour another cup
And I can't leave this club alone (Leave tha club alone)
So it ain't about trust
I got a reputation
Good or bad, so what, I gotta keep it upI've been living my life in these clubs
I've been giving my life to these girls
The bright lights like drugs
The fast life don't slow up
I know I know I know I know
I know, I know (I get it)
I know, I know, I know I know
I know, yeah, I know, yeahI've been living my life in these clubs
I've been giving my life to these girls
The bright lights like drugs
The fast life don't slow up
I know I know I know I know
I know, I know (I get it)
I know, I know, I know I know
I know, yeah, I know, yeahThere's some things I can't get back
It's some things I can't get back
I know, I know, I know, I know
There's some things I can't get back
I know, I know, I know, I know
There's some things I can't get backI know, I know
(Things I can't get back) (I know)
I know, I know, I know, I know
There's some things I can't get back
(I know, I know, I know, I know)
There's some things I can't get back
