

# Baby Come Back (extended version)

Billy Rankin

I'm starin' at the four walls  
Sittin' here, waitin' by the telephone  
Your words are runnin' through my mind child  
Cut me like a knife, you don't wanna see me any more  
Well I know you're nothin' special  
So how come you can be so impressional  
I tried to figure it out, got a black out  
I guess I call you inessential  
Baby come back, baby come back cause I'm all alone  
Baby come back, baby come back I'm in the danger zone  
My heart ain't made of plastic  
I'm tellin' ya, I'm gonna do somethin' drastic, (drastic)  
I'm trying to bide my time  
Takin' my time \_\_\_\_\_  
Well I know I'm not original  
But listen here, I should be more than your provisional  
You keep runnin' around, all around town  
Actin' like a cool individual  
Baby come back, baby come back cause I'm all alone  
Baby come back, baby come back I'm in the danger zone  
I said, baby come back, baby come back cause I'm all alone  
Baby come back, baby come back I'm in the danger zone  
Baby come back, back, back, back  
Baby come back I'm in the danger zone  
I said, baby come back, baby come back cause I'm all alone  
Baby come back, (ooh baby come back) baby come back I'm in the danger zone  
I said, baby come back, baby come back  
Baby come back cause I'm all alone  
Baby come back, (ooh baby come back) baby come back I'm in the danger zone  
I said baby come back, baby come back, baby come back cause I'm all alone  
Baby come back, oh baby, baby come back I'm in the danger zone
