

Get Up

Raging Fyah

I was born a sufferer
A tree cut from its root
It was not very long ago
Since I and I found the truth
I was washed away from sin
Taken to their christening
Never knew the meaning
Till I and I get a revealingÃ—2
You got crawl before you walk
Walk before you run
And if you run and get a fall
Just get up and brush it off
Locked up in captivity
Shipped across Caribbean seas
So many years after slavery
I still don't know my identity
Once a man and twice a child
My people stories make you cry
Born with wings but cannot fly
We living on the edge of tomorrows light
They sayÃ—2
You got crawl before you walk
Walk before you run
And if you run and get a fall
Just get up and brush it offBridge Ã—4
Oh ooooo oo oh oh ooooo oh ooooo
Oh ooooo oh oh ooooo oh ooooo oh
Ã—4
You got crawl before you walk
Walk before you run
And if you run and get a fall
Just get up and brush it off
