

Ð•ÐµÑ,

Polina Gagarina

We are the worlds people  
Different yet we're the same  
We believe  
We believe in a dream

Praying for peace and healing  
I hope we can start again  
We believe  
We believe in a dream

So if you ever feel love is fading  
Together like the stars in the sky  
We can sing  
We can shine

When you hear our voices call  
You won't be lonely anymore  
A million voices  
Your heart is like a beating drum  
Burning brighter than the sun  
A million voices

Now as the world is listening  
From cities and satellites  
We believe  
We believe  
In a dream

If you ever feel love is fading  
Together like the stars in the sky  
We can sing  
We can shine

When you hear our voices call  
You won't be lonely anymore  
A million voices  
Your heart is like a beating drum  
Burning brighter than the sun

When I look around at these faces

I can see the stars in the sky

We will sing

We will shine

Singing out

Singing out

ooh

Singing out

Singing out

ooh

Singing out

A million voices
