Halo Goddess Bone

Danzig

Halo Goddess Bone
Feel the hunger, as it burns inside
Feel the hunger, you forgotten child
There's no one like you, as you wander blind
There's no one like you, can't you wonder why
Halo
Goddess Bone
Halo
Goddess Bone
You're in the dark and alone
All the voices raining down
Cold in the dark and alone
All the voices raining...
Feed your hunger, as it grows inside
Feed, you want me, you forgotten child
There's no one like you, as you wander blind.
There's no one like you, won't you wonder why
You're in the dark and alone
All the voices raining down
Cold in the dark and alone

All the voices raining...
Halo
Goddess Bone
Halo
Goddess Bone
You're in the dark and alone
All the voices raining down
Cold in the dark and alone
All the voices raining
Halo
Goddess Bone
Halo
Goddess Bone
You're in the dark and alone
All the voices raining down
Cold in the dark and alone
All the voices raining down
Cold in the dark and alone

All the voices raining down
Cold in the dark and alone
All the voices raining...
