Got to B Tru

[Steven Curtis Chapman](#)

G O T T O B T R U, truWell normally at this point you'd hear me sing
And I'd be doing that acoustic guitar thing
So by now you're probably wondering what's going on
'Cause this is really starting to sound like one of those rap songsWell let me tell you what the boy's up to
You see I like rap music and the beat box groove
Sometimes I gotta admit I close all the doors
And wave my arms around and I pace the floorBut then I crack up laughing, I gotta stop
And just face the facts the boy don't hip hop
You see I grew up in a state where the grass is blue
So if it's gonna be believable it's got to b truIt's got to b tru, I've gotta be living what I say I believe
It's got to b tru, even when nobody but Jesus is watching me
It's got to b tru, every single minute of every day
If anybody's ever gonna look at me and say, hey it's got to b truYou hear me saying that it's got to b tru
And no my homeboy Toby wants to talk to you
Tru, check it out I got a next door neighbor
And I can tell he's been watching my behavior
Yo he's heard that I'm a Christian guy
He wants to know if that's the truth or a lieHe's got a list of reasons not to believe
Like doubt, dissolution, hypocrisy
It's gonna take some living proof to break out through those walls
So yo, it's got to b tru if he'll believe at allIt's got to b tru, I've gotta be living what I say I believe
It's got to b tru, even when nobody but Jesus is watching me
It's got to b tru, every single minute of every day
If anybody's ever gonna look at me and say, hey it's got to b truFrom the T and to the R and to the U and to the
