Come On

Raining Jane

You wake me
In the middle of the night
Oh, but you weren't even there
Not that night
But you had me
Yeah I had you
On my mind
Since you kissed me
I can't turn you off
But baby don't you want to
Turn me on
Cause I want you
Yeah don't you want to
(Don't you got some love for me?
Come on, come on)
Come on
So come and wake me
In the middle of the night
Won't you take me
To the morning light
What is there to contemplate?
No baby, don't make me wait
(Don't you got some love for me?
Come on, come on)
Come on
Don't you want some love?
