## **Cruise Control**

## **AFI**

I will never wanna date you While I can learn to hate you If you somehow learn to love me Well, that's just my luckI would never ever care If you only wanted friendship But somehow you're disappointed That I'm not a slutI don't wanna fuck you I don't wanna fuck you I don't wanna fuck you So fuck youIn my mind there is no doubt That you've been in and out of Many different backseats Many times beforeI can always see your defeat When I won't leave the front seat Now it seems your disappointed That I'm not a whoreI don't wanna fuck you I don't wanna fuck you I don't wanna fuck you So fuck youI don't wanna fuck you I don't wanna fuck you I don't wanna fuck youI don't wanna fuck you I don't wanna fuck you I don't wanna fuck you So fuck youI don't wanna fuck you I don't wanna fuck you I don't wanna fuck you (I don't wanna fuck you) So fuck you
