

# Train Song

## Vashti Bunyan

Traveling north, traveling north to find you  
Train wheels beating, the wind in my eyes  
Don't even know what I'll find when I get to you  
Call out your name love, don't be surprised It's so many miles and so long since I've met you  
Don't even know what I'll find when I get to you  
But suddenly now, I know where I belong  
It's many hundred miles but it won't be long What will I do if there's someone with you  
Maybe someone you've always known  
How do I know I can come and give to you  
Love with no warning and find you alone It's so many miles and so long since I've met you  
Don't even know what I'll find when I get to you  
But suddenly now, I know where I belong  
It's many hundred miles and it won't be long
