

Would Be Killer

Gnarls Barkley

I've got a secret
Something I thought maybe I could do
But I can't now, can I?
Lucky, lucky you Did you know I could be,
Or would be, killer
If suddenly I should be
Or would be, killer Hurt people, hurt people
This is always how
Oh I didn't turn to evil
So someone best love me right now Because I could be,
Or would be, killer
If suddenly I should be,
I would be, killer Now don't you dare me
Or we will dance
High up balancing ballet
So I may still get my chance
