

# Moonlight

[Sophie Zelmani](#)

I'm sure it is bright  
But you left so early  
That morning It's known for its light  
It's not very far  
Come back to me For the moonlight It's so dangerous here  
Love takes my time  
Love makes me worry It's not so far  
To where you are  
We still can meet In the moonlight  
In the moonlight
