

Never Off (Tom Middleton Remix)

Honor

When I was a child
People deceived me
They said life was like
A dream to be lived Tonight I'm not giving up
Keep trying to understand
I can't stop repeating
I still love you I'm never off
I'm never over
Never off
I'm never over you
Never off
I'm never over
Never off
I'm never you Alone I have to fight
And face the strangers
Should I let you go
To find my way home You breathe hard
I can feel it now
Doesn't matter I know it's real
I won't stop believing
I still love you I'm never off
I'm never over
Never off
I'm never over you
Never off
I'm never over
Never off
I'm never you I'm trying to be like you said to me, be like you said to me, be like you said to me, be like you
said to me
I'm to be like you said to me
Never off I'm never over
I'm never over you
You know that I'm never over
I'm never over you I'm never off
I'm never over
Never off
I'm never over you
Never off
I'm never over

Never off
I'm never over you
