## Broken Social Scene Presents Kevin Drew

Tired of leaving  
Temporary breathing  
Backed out on the cocks  
You backed out on the cocksThey won't love you  
Make sure they fuck you  
Backed out on the cocks  
You backed out on the cocksYou think it's the season  
Temporary treason  
You backed out on the cocks  
You backed out on the cocksThey wanna hug you  
Make sure it loves you  
You backed out on the cocks  
You backed out on the cocksEveryone can write this song  
But they can't write you and me  
Oh, everyone can write this song  
But they can't write you and meThis life will make you  
Every trace is thin, yeah  
Backed out on the cocks  
You backed out on the cocksThat time is a fever  
That you werent stealing  
Backed out on the cocks  
You backed out on the cocks  
Backed out on the cocksCan write this song  
But they can't write you and me  
Oh, everyone can write this song  
They can't write you and me
