

Get Nasty

Ashlee Simpson

All the nasty girls are around the world
All the nasty girls are around the world
Get nasty, get nasty
Living on the floor, get down with me
Living on the floor, come on with me
Get nasty, get nasty, get nasty, get nasty
Get nasty, get nasty, get nasty, get nasty
Living on the floor, get down with me
Living on the floor, come on with me
Get nasty, get nasty, get nasty, get nasty
Get nasty, get nasty, get nasty, get nasty
Thirty second high, thirty second low
I've forgot my car, let's get a cab and go
Somebody got the car, a riot's on the way
When we get to the club, there will be hell to pay
When we get to the club somebody better play
Get nasty, get nasty, get nasty, get nasty
Get nasty, get nasty, get nasty, get nasty
Everybody's looking for a good time
Don't you know a good time doesn't hurt?
Everybody's wants to feel the spotlights
So let me show you how my nasty works

Living on the floor, get down with me
Living on the floor, come on with me
Get nasty, get nasty get nasty, get nasty
Get nasty, get nasty get nasty, get nasty
Everybody's looking for a good time
Don't you know a good time doesn't hurt?
Everybody's wants to feel the spotlights
So let me show you how nasty works
Just work it

Thirty second high, thirty second low
I've forgot my car, let's get a cab and go
Living on the floor, get down with me
Living on the floor, come on with me
Get nasty, get nasty, get nasty, get nasty
Get nasty, get nasty, get nasty, get nasty
All the nasty girls are around the world

All the nasty girls are around the world
All the nasty girls are around the world
All the nasty girls are around the world
All the nasty girls are around the world
