

Even When I Can't Feel It

George Strait

The sky is falling down around me
This kind of storm just might drown me
If I let it
It's hard to look on the bright side
When you've been blind-sided by
Something you never saw coming
That worst thing you could imagine I believe in God even when He's silent
I believe in the sun even when it isn't shining
I believe in good luck even when the dealer don't deal it
I believe in love, I believe in love
Even when I can't feel it Bad things happen to good people
Without any rhyme or reason, it just happens
There's nothing fair about it
But what can I do about it?
Tomorrow's another day
Good or bad, either way I believe in God even when He's silent
I believe in the sun even when it isn't shining
I believe in good luck even when the dealer don't deal it
I believe in love, I believe in love
Even when I can't feel it Even when I can't feel it
I believe in love
