Lay With You

El Debarge

Oh baby, oh yeah
Just wanna lay right here with you
Baby, I just wanna lay with youI know you have work but I would love for you
To stay with me for a little while longer
I'm asking a lot, but I don't want you to go away
'Cause I can't get you out of my mind, girlI could just look at you all day long
Your beautiful smile, I just can't go wrong
If only you didn't have to leave
You could relax and chill with meLet's not leave the house today, I just wanna lay with you
With your body close to mine
Room service will be on the way, I just wanna lay with you
Can't get enough of you, girlOh baby, you're making it hard
For me to leave, wish I wouldn't have to go
So next time I'm around let's hope it rains so we could just stay in
'Cause I just wanna lay with youI could just look at you all day long
Your beautiful smile I just can't go wrong
If only you didn't have to leave
We could relax and just chill in the shadeLet's not leave the house today, I just wanna lay with you
With your body close to mine
Room service will be on the way, I just wanna lay with you
Can't get enough of you, girlOne night with you is like heaven
I don't wanna go from here, oh baby
Kissing your neck while you're sleeping
Lay with meLet's not leave the house today, I just wanna lay with you
I just wanna lay, yeah baby
Room service will be on the way, I just wanna lay with you
Can't get enough of you, girlLet's not leave the house today, I just wanna lay with you
I just wanna lay with you baby, oh yeahBaby, I just wanna lay with you, lay with you
I just wanna lay right here with you
I just wanna lay right here with you
I just wanna lay right here with you
