Let Me Go

[Moody Blues](#)

When I telephone you
Don't make out you're not at home
It wouldn't hurt at all to answer the callWhen I hold you near
When I call you Dear
You never seem to want to know me at allOh baby
Let me go, if I stay around
Then you're gonna see my heart break
I can't stand all this heartache'Cause I love you so
I find it hard to go
Well, I can see a change in your ways'Cause when I'm turning to
How much I think of you
You always look away in a gazeOh baby
Let me go, if I stay around
Then you're gonna see my heart break
I can't stand all this heartacheHave you lost
Every little bit of love you had for me, baby?
Are you gonna let me go
Go on and go on this way?When I telephone you
Don't make out you're not at home
It wouldn't hurt at all to answer the callAnd when I hold you near
When I call you Dear
You never seem to want to know me at allOh baby
Let me go, if I stay around
Then you're gonna see my heart break
And I can't stand all this heartacheYou'd better let me go, baby
Oh, you'd better let me go, baby
Oh yeah
