

Let It Fall

Angela Predhomme

Let It Fall

A hopeless shade of blue
Just like the rain outside
Iâ€™m overdue
For Godâ€™s sweet reply

Drowning in this brew
Of all these aching, aching feelings of mine
Iâ€™m pulled out to
The streaming divine

(Chorus)

Sprinkling down with the rain
My soulâ€™s reclaimed
Iâ€™m healed in awe
Let it fall
Let it fall

(Verse 2)

Oozing out my pain
Cool water surging through my soul
Easing the strain
Thatâ€™s taken a toll

I breathe in a change
Those demons never, never coming back
I feel ordained
As rain runs down my neck

(repeat chorus)

(bridge)

From here forward I feel powerful
Come whatever will
I own each day, I'll make my way
Now Iâ€™ll be fulfilled

(repeat chorus)
