

# Seasons (feat. Brent Smith)

## One Less Reason

hows it feel hows it feel  
to be left out there  
in the smoke in the cold  
the midnight air does it hurt does it burn  
to be unaware of the torture  
of a white lie i don't know where you are so  
why do i care i know we're both  
even so why's it feel unfair some say that four seasons  
are enough for a lifetime  
of change i hope when you  
think of me you remember the  
love that i gave  
(when our seasons change) hows it feel can you deal  
with the rise and fall  
of a life that ignites  
like a mirror ball and i  
wonder are still afraid of  
the dark i don't know where you are so  
why do i care i know we're both  
even so why's it feel unfair some say that four seasons  
are enough for a lifetime  
of change and i hope when you  
think of me you remember the  
love that i gave this is the life i left behind  
this is the memory of you  
that's still embedded in my mind some say that four seasons  
are enough for a lifetime  
of change and i hope when you  
think of me you remember the  
love that i gave  
(when our seasons change)x2
