

# (We Were) Born to Rock

## Quiet Riot

Streets alive  
Something in the air  
We're writing up  
A brand new constitution Don't want to grow old  
Age is in your head  
Another boy has soul  
His soul for rock 'n' roll We were born to rock  
Pull out all the stops  
And we scream, we're the voice  
'Cause we made our choice  
And that is  
We were born to rock Yeah  
Rock 'n' roll  
Yeah Look out All alone  
The party's just begun  
No boss to guard  
This younger generation Running out of time  
With us there's no control  
Rockin' is a crime  
Boss man says, "No more" We were born to rock  
Pull out all the stops  
And we scream with one voice  
'Cause we have the choice  
We were born to rock Rock on Watch out We were born to rock  
Pull out all the stops  
We were born to rock  
Pull out all the stops  
We were born to rock We were born to rock
