

# Chemtrails (Goldwave Reduce Vocals)

## Beck

I can't believe  
What we've  
Seen outside  
You and me  
Watching the jets  
Go by  
Oh, ooh, oh  
Oh, ooh, oh Just what I've seen  
So many people  
Falling in love  
You and me  
Watching the sea  
Full of people  
Try not to drown So many people  
So many people  
Where do they go?  
You and me  
Watching the sky  
In the future  
That's where  
We can go All I can take  
From these skies  
Is fog  
And all I can see  
In this light  
A boat sinking  
Oh, oooh  
Oh, oooh, oh Somebody's sea  
Swallowed by evil  
Already gone  
You and me  
Watching the sea  
Full of people Already drowning  
So many people  
So many people  
Where did they go? You and me  
Hit by a cloud  
From an eagle  
Watching the jets

Pass go by You and me watching  
You and me watching  
Capture have swept me behind  
That's what I mean  
When we talk  
In this jet stream  
We're climbing  
A hole in the sky
