Love Is Holy

Kim Wilde

Love is holy, don't forget it
It will heal you if you let it
Love will strip you, leave you naked
Love is sexy, love is sacred

I put my faith in me and you
Somehow I know that we'll put through
Oh I feel my life passing by
Sometimes it makes me want to cry
Thank God I've got you by my side

Every night I hope and pray
Nothing takes your love away
I lie awake just to watch you breathe
Love is holy when you lay with me
Love is holy baby stay with me

I don't understand the world today
Is everything made just to throw away
But you and I (you and I)
Get closer as time goes by (till I die)
I feel my love intensify
Baby you're a spiritual high

Every night I hope and pray
Nothing takes your love away
I lie awake just to watch you breathe
Love is holy when you lay with me
Love is holy baby stay with me

Love is holy, don't forget it
It will heal you if you let it
Love will strip you, leave you naked
Love is sexy, love is sacred

Every night I hope and pray
Nothing takes your love away
I lie awake just to watch you breathe
Love is holy when you lay with me
Love is holy baby stay with me

(Every night I hope and pray)
(Nothing takes your love away)
I lie awake just to watch you breathe
Love is holy when you lay with me
Love is holy baby stay with me
