In My Bed

SoulStar

Wish I could say it breaks my heart
Like you did in the beginning
It's not that we grew apart
A nightingale no longer singing
It's something I know you can't do
Separate sex with emotion
I sleep alone, the sun comes up
You're still clinging to that notion
Everything is slowing down
River of no return
Recognize my every sound
There's nothing new to learn
You'll never get my mind right
Like two ships passing in the night
In the night, in the night
Want the same thing where we lay
Otherwise mine's a different way
A different way from where I'm going
Oh, it's you again, listen this isn't a reunion
So sorry if I turn my head
Yours is a familiar face
But that don't make your place safe
In my bed, my bed, my bed

I never thought my memory
Of what we had could be intruded
But I couldn't let it be
I needed it as much as you did
Now it's not hard to understand
Why we just speak at night
The only time I hold your hand
Is to get the angle right
Everything is slowing down
River of no return
You recognize my every sound
There's nothing new to learn
You'll never get my mind right
Like two ships passing in the night
In the night, in the night

Want the same thing where we lay
Otherwise mine's a different way
It's a different way from where I'm going
Oh, it's you again, listen this isn't a reunion
So sorry if I turn my head
Yours is a familiar face
But that don't make your place safe
In my bed, my bed, my ba ba dee dee bed
