Wayward Soul

Communic

The earth has swallowed my pride
There is no need to believe
This God has left me anyway
A wayward soul at the edge of the worldWith a one way ticket
To the bottom deep
With a one way ticket
To the bottom deepThe deep
Come follow
Into the deepThe earth has swallowed my pride
There is no need to believe
This God has left me anyway
A wayward soul at the edge of the worldWith a one way ticket
To the bottom deep
With a one way ticket
To the bottom deepA wayward soul
A wayward soulThis image of a vulture's head
Casting a shadow resembling death
Waiting, while he listens to your breath
Its beak ready to pick up your fleshAn image of a livid face
Exposed over a stormy sky
I try to reach, but it fades away
Drifting on while I still searchThis trauma triggers my thoughts
You are the one that I owe
For the influence of my return
The vague shape of better things to comeAt gunpoint I could shimmer
What if life that really matters
All these thoughts I put into form
Will there be light on the other side?Time still tearing on me
A downward spiral that bleedsLost in this barren part of my mind
These tears still bleed within
In silence you speak to me
Please wait for me at the edge of the worldWith a one way ticket
To the bottom deep
With a one way ticket
To the bottom deepIn silence you speak to me
You speak to me
Please wait for me
Please wait for me
At the edge of the world
