

# Slippin' Away

## Bellamy Brothers

Monday's promise is Tuesday's lie  
Saturday's party is Sunday's fight  
Somethin's wrong with you and I  
Love's gone wrong that used to be right  
And I can feel it slippin' away  
Slowly, slowly slippin' away  
It'll be gone in a few more days  
If we don't stop this love of ours  
From slippin' away  
Wednesday's kisses are Thursday's frowns  
We can't live two days in a row  
When our world's not upside down  
Here we stand watchin' it go  
And I can feel it slippin' away  
Slowly, slowly slippin' away  
It'll be gone in a few more days  
If we don't stop this love of ours  
From slippin' away  
Roses are red, violets are blue  
Sugar is sweet some of the time  
This puzzle's missin' a piece or two  
We've got the grapes but never the wine  
And I can feel it slippin' away  
Slowly, slowly slippin' away  
It'll be gone in a few more days  
If we don't stop this love of ours  
From slippin' away  
And I can feel it slippin' away  
Slowly, slowly slippin' away  
It'll be gone in a few more days  
If we don't stop this love of ours  
From slippin' away  
And I can feel it slippin' away  
Slowly, slowly slippin' away  
It'll be gone in a few more days  
If we don't stop this love of ours  
From slippin' away
