I Need Your Love

Aswad

In the summer time she's there my love
And she's really with me all the time
And in the winter time when it's cold
Her love shines through like sunshine
And I need your love every day and every night I need your love
I need your love every day and every night I need your love
And in the Spring time she's there my love
And she's really with me all the time
And in the winter time when it's cold
Her love shines through like sunshine
And I need your love every day and every night I need your love
I need your love every day and every night I need your love
No one's to blame try to overstand
We gave what we could oh yes
Giving and taking receiving Jah blessing
We could have made it if we tried
So I need your love every day and every night I need your love
I need your love every day and every night I need your love
Hear the children sing you know it's the right time
Hear the joy bells ring you know it's the right time
Hear the children sing you know it's the right time
Hear the joy bells ring you know it's the right lime
I need your love every day and every night I need your love
