

Estella

Ruben Vela, Los Dos Gilbertos

Estella steps in silence
Her every movement caught
Encased in gilded memory Here it comes again
Anticipation racing through me
Thrilling with emotion
You still me Estella, Estella you
You're missing all you see
I'm missing you Estella, Estella you dream
You're missing all you see
I'm missing you Estella moves in shadows
Her every whisper caught
Exhale and draw it in again When everything gets lost in the twilight
I'll be waiting
You keep me guessing
You enigma, you dream Estella, Estella you
You're missing all you see
I'm missing you Estella, Estella you dream
You're missing all you see
I'm missing you my sweet Wide eyed, weak kneed
Stare me through my soul
You pierce me I know, we need
Nothing short of holding, nothing back
Come down to me
And I'll show you, you mean worlds to me, you do Fare thee well, my love
The last time in a whisper
She whispered back Fare thee well, my love
Believe me when I say
I love you madly, deeply always Estella, Estella you
You're missing all you see
I'm missing you Estella, Estella you dream
You're missing all you see
I'm missing you
