

# My Last

## Evil Empire

Hands up in the air  
I just want the, I just want the baddest bitch in the world  
Right here on my lap  
And I'ma hit this drink up like it's my last  
I'ma hit this night up like it's my last  
I'ma I'ma, hmm, hmm, like it's my last  
(Boi)  
Swear I'ma, swear I'ma do it like  
Like I never had it at all, all, all, all, all, all, all, all  
Like I, like I, like I never had it at all, all, all, all, all, all, all  
Okay, now where that alcohol? You ain't even got to ask  
'Cause I'ma drink it all like, like it's my last  
She a 7 in the face but a 10 in the ass  
She even look better by the end of my glass  
See I just walked in fresher than the shirts off in this muthfucka  
I'ma need the baddest broad to twirk off in this muthafucka  
I'ma go hard until it hurts off in this muthafucka  
I'ma boss, so you gotta work off in this muthafucka  
The work, and I can get you anything you want  
I could, I could, I could put you on  
See you look like Beyonc
