You've Got A Way

DJ Encore

You've got a way of making sunshine of the rain
You've got a way of turning ashes into flames
I can't believe you're making darkness into light
You're making all my contradictions turn out rightYou're in my horizon everywhere I see
And when I try to reach you you're right next to me
Every time I think I'm close you take me closer
Even now when you're away I feel you're nearYou've got a way of making sunshine of the rain
You've got away of turning ashes into flames
I can't believe you're making darkness into light
Like you make all the famous clich's sound so rightEvery time I think I'm close you take me closer
Even now when you're away I feel you nearYou've got a way of making sunshine of the rain
You've got away of turning ashes into flames
I can't believe you're making darkness into light
You're making all my contradictions turn out rightYou've got a way of making sunshine of the rain
You've got away of turning ashes into flames
I can't believe you're making darkness into light
Like you make all the famous clich's sound so right
