

Because You Live

Jesse McCartney

Staring out at the rain with a heavy heart
It's the end of the world in my mind
Then your voice pulls me back, like a wake-up call I've been looking for the answer, somewhere
I couldn't see that it was right there
But now I know what I didn't know Because you live and breathe
Because you make me believe in myself
When nobody else can help because you live girl
My world has twice as many stars in the sky It's all right, I survived, I'm alive again
'Cause of you, made it through every storm
What is life? What's the use? If you're killing time I'm so glad I found an angel
Someone, who was there when all my hopes fell
I wanna fly looking in your eyes Because you live and breathe
Because you make me believe in myself
When nobody else can help because you live girl
My world has twice as many stars in the sky
Because you live, I live Because you live, there's a reason why
I carry on when I lose the fight
I want to give what you've givin' me always Because you live and breathe
Because you make me believe in myself
When nobody else can help because you live girl
My world has twice as many stars in the sky Because you live and breathe
Because you make me believe in myself
When nobody else can help Because you live girl
My world has everything, I need to survive
Because you live, I live, I live
