

Tell Me (Instrumental)

P. Diddy

[Diddy]

Can you feel me?

Do that shit, do that shit, do it

Do that shit, do that shit, do it

Do that shit, do that shit, do it

Do that shit, do that shit, do it

Oh yeah

On the dance floor

Yeah, yeah, yeah

Let's play a game

On the dance floor

(Oh yeah)

Yeah, yeah, yeah Let's play a game

Let's pretend for a second

You don't know who I am, or what I do

Let's just put it to the side

I can feel your heart beating

I can hear you breathing

Look into your eyes

Trying to see into your mind

See into your soul

See, no limits to the levels

Me and you can go

When it's me, I take control

But it's something about you

That makes me wanna change

I like the way you dancing

And the way you play the game

I like the way you take away the pain

The way you tell me that you want it

Not saying a thing

The way you got me going

Got me going outta my brain

I see us going at it

Going in and out of them lanes I don't want your innocence

I don't want you to stutter

I don't want a commitment

And I don't want you to suffer

I don't want your number

Baby, I want you to wonder
I want you to come up
Looking like something you wanna[Christina Aguilera:]
Tell me, what you thinking about
When you got me waiting patiently
And usually, I don't have to wait for nobody
But there's something about you
That really got me feeling weak
When I'm trying to find the words to speak Boy, I got my eyes on you
Tell me what you wanna do
I can picture you in my room
Until the morning
I don't even know your name
Boy, I need to know your name
I'm hoping that you feel the same
Tell me if you want it I know you're gonna like it (I know)
So tell me how you want it (Tell me)
And you don't have to fight it (You don't)
'Cause, baby, you're invited (Baby)
I know you're gonna like it (I know)
So tell me how you want it (Tell me)
And you don't have to fight it (You don't)
'Cause, baby, you're invited (Baby)[Diddy:]
You're dreams fulfilled
You're rockin' with the best
Unforgivable, I'm a put your limits to the test
You're pulsating; your heart is beating outta your chest
You're hyperventilating, trying to catch your breath
(Don't stop)
I'm the first, I'm the next, I'm the end
I'm the boss in your thoughts that'll make your mind bend
Look how I approach you, look how I expose you
Look how I then studied every move, now I know you
I don't wanna control you, I wanna console you
And do everything that I told you
Get high with me, come touch the sky with me
Fly with me, see life in new eyes with me
(Don't stop)
I'm the dream, I'm the one, I'm the reason you come
I'm a king, I'm a hung, I'm a beast
I'm the last thing your eyes see
The passion's inside me - it's yours
Now come try me, c'mon[Christina Aguilera:]
Tell me, what you thinking about
When your hands is all on me

'Cause I've been thinking about
All the possibilities
Ain't no other place that I really wanna be
'Cause you're sweepin' me off my feet
Boy, I got my eyes on you
Tell me what you wanna do
I can picture you in my room
Until the morning
I don't even know your name
Boy, I need to know your name
I'm hoping that you feel the same
Tell me if you want it
I know you're gonna like it (I know)
So tell me how you want it (Tell me)
And you don't have to fight it (You don't)
'Cause, baby, you're invited (Baby)
I got a selection of positions of affection
With no pressure
So tell me
Tell me how you want it
Tell me how you want it, babe
I got a selection of positions of affection
With no pressure
So tell me
Tell me how you want it
Tell me how you want it, babe
Do that shit, do that shit, do it
Do that shit, do that shit, do it
Do that shit, do that shit, do it
