

I Don't Want To Hurt You

Last Autumn's Dream

In this godforsaken motel
I've been talking to the walls
But they do not seem to listen
'Cause they've heard it all before

I never dreamt about it
I never thought about it

I don't want to hurt you
But I always seem to
Why can't our love continue
I don't want to hurt

So I told the bell boy I was sorry
But he didn't say a word
I gave the bartender the story
He said gee she must be hurt

I never dreamt about it
I never thought about it

I don't want to hurt you
But I always seem to
Why can't our love continue
I don't want to hurt

I don't want to hurt you
But I always seem to
Why can't our love continue
I don't want to hurt

I don't want to hurt you
But I always seem to
Why can't our love continue
I don't want to hurt

I don't want to hurt you
But I always seem to
Why can't our love continue
I don't want to hurt
