

# Decora (Acoustic)

## Yo La Tengo

I see you crawling across the floor  
Never see you standing anymore  
You take whatever's put in your hand  
You ask for more until you can't  
Decora It's not the first time you'll take a fall  
Act like you've never sleen double before  
We tie deep into the past  
Take this chance with me cause it's your last
