House On Fire

Arkarna

Girl, we get on like a house on fire
You're feeding the flames, I can't complain
Choose your life, it's an innocent lie
Against the grain, it's all the sameI spend my time wasting yours
To give away, you've got it all
Spend your time wasting mine
You knowTime's wastin', celebratin'
Time's wastin', celebratin'
Time's wastin', celebratin'
Time's wastin', time's wastin'What do you know? Learn to say no
I can't resist, I'm an optimistI spend my time wasting yours
To give away, you've got it all
Spend your time wasting mine
You knowInnocence, inner sense
Innocence, inner sense
Innocence, inner sense
(Time's wastin', celebratin')
(Time's wastin', time's wastin')Girl, we get on like a house on fire
(Like a house on fire)
You're feeding the flames, I can't complain
(Feeding the flames)
Girl, we get on like a house on fire
(Like a house on fire)Time's wastin', celebratin'
Time's wastin', celebratin'
Time's wastin', celebratin'
Time's wastin', time's wastin'
