

Fly Away

Walter Trout

Is it any wonder when I'm layin' here
And you take my hand and take away my fear
 You say to me take a look and see
 There ain't no need to cry
 No need to cry
 We'll forget about yesterday
 'Cause we're gonna fly, we're gonna fly away

Fly awayWhen my time is up and my day is goneAnd I know that I'm under the gunI can see the truth'Cause I know that there ain't no more need to runNo need to runIt don't matter what they say'Cause we're gonna fly,
 we're gonna fly awayFly away

 I can see you here floatin' up above
 I hear you calling me with eternal love
 I can see you there

 I can hear your voice when you laugh and call my name
 I hear you call my name

 Can you hear me when I pray
 We're gonna fly, we're gonna fly away
 Fly away
