How Long

Bradley Hathaway

How does it make you feel when I say love is a battlefield?
Impartially concealed under heavy sword and shield
A casualty revealed, someone's wish fulfilled.
I'm breathing fire (Is my heart still beating?)
Mindless desire (I'm still unbelieving)
I'm breathing fire (Is my heart still beating?)
Mindless desire (How long have you been leaving?)
Hey, how long have you been leaving?

Somewhere along the way, I hoped you'd stay
You try to bear the blame, but something changed
You call it loud and clear, compel wounds to heal
I'm breathing fire (Is my heart still beating?)
Mindless desire (I'm still unbelieving)
I'm breathing fire (Is my heart still beating?)
Mindless desire (How long have you been leaving?)
Hey, how long have you been leaving?
