Mr. Golden Deal (Acoustic 2016)

Tonic

Swallow your pride
Make way for the new bride
Holding your tongue
When they call another winner
Oh there is more to this life
Hey Mr. Golden Deal
Tell me how does she feel
She's like the wind
That boy couldn't sail
He says I've washed these decks for years
I've carried all those pails
And oh there is more to this life
Hey Mr. Golden Deal
Tell me how does she feel
Does she hold you in the night
Does she tell you everything's gonna be alright
Hey Mr. Golden Deal
How does she feel
Captain oh my Captain
Steer the first mate true
The men they sing a song of fear
Ghosts of ships who failed before
And the captain he is laughing
You can't control the sea
She will always do as she pleases
It's her nature to be free
And oh there is more to this life
Hey Mr. Golden Deal
Tell me how does she feel
Do you hold her in the night
Do you tell her everything's gonna be alright
Hey Mr. Golden Deal
I know how you feel
Oh, I know. Oh, I know.
Hey Mr. Golden Deal
How does she feel
