

# History Is Made At Night

## Smash Cast

Put down the playbook  
Cause the things I wanna show you cant be written down  
Let my lips do the teachingTurn off the camera  
Kick your shoes off for this scene you should be sitting down  
Yeah sitting close enough for reachingTurn down the lamp  
For the last page has been turnedWhen the dawns breaking throughWe can stop and review all the lessons youll  
have learnedCause history is made at night so close the books turn off the light and listen  
Let my heart be the teacher  
No one here to disapprove  
As we review the lessons youve been missing  
Let the moon be our only light  
Cause history is made at nightI see the questions burning in your eyes or is it just reflections  
Mm of the stars high above youOh Im just your student and I hope you wont be shy please make corrections  
Yeah on the sweetest way to love youCome whisper close tell me just when to say whenThen well sleep through  
the dayThen whenever you say thats when school begins againCause history is made at night so close the books  
turn off the light and listen  
Let my heart be the teacher  
No one here to disapprove  
As we review the lessons youve been missing  
Let the moon be our only light  
Cause history is made at nightSomeday theyll write lots of books  
About our fame and gloryBut if all their reports are just movies and sports  
Theyll be missing the whole storyCause history is made at night so close the books turn off the light and listen  
Let my heart be the teacher  
No one here to disapprove  
As we review the lessons youve been missing  
Let the moon be our only lightCause history is made at night  
Yes our history was made at night
